After nearly a decade of service, Gus Halas is retiring from his position as Chairperson of the Board. During his tenure, he played a pivotal role in shaping OptimizeRx's success, and we extend our deepest gratitude for his commitment and leadership.

"As we continue to evolve as a company focused on technology enabled marketing services, we are excited to have Lynn move to Chair as Gus retires from the Board," said Will Febbo, CEO of OptimizeRx. "As a nurse and seasoned business leader, she deeply understands the needs of both healthcare providers and patients, making her invaluable as we redefine how we engage with them. Lynn was, in fact, one of the main reasons why I joined OptimizeRx in 2015. Today, I'm more excited than ever to continue working alongside her as we build a future where patient-centric, data driven solutions drive care focused engagements and better health."

"I'm thrilled to continue my journey with OptimizeRx to provide guidance and oversight on the team's growth and commercialization strategies," stated Ms. Vos. "I am optimistic about the Company's ability to drive success, and I intend to support the team as they continue to be a very meaningful player with their clients and partners."

Further strengthening the Board's expertise, OptimizeRx is pleased to announce the appointment of Catherine M. Klema as a new member of the Board. Ms. Klema's extensive experience in strategy, finance and governance, and her board experience with health systems and pharmaceutical companies, will be instrumental in helping navigate the evolving healthcare landscape.

"We warmly welcome Cathy to our Board of Directors," said Mr. Febbo. "Her deep understanding of the healthcare industry, combined with her proven track record of leadership and strategic thinking, will be invaluable as we continue to grow and become highly relevant to digital commercialization for our clients."

"I am honored to join OptimizeRx's Board of Directors and to contribute to its ongoing success," said Ms. Klema. "I am impressed by the Company's commitment to innovation and its dedication to advance medication access and adherence and the impact this can have on improving patient lives. I look forward to working with the Board and management team to help OptimizeRx achieve its mission of empowering the healthcare community through tech-enabled communications solutions."

These Board enhancements reflect OptimizeRx's unwavering commitment to offer life science companies more effective ways to deliver relevant information and services to healthcare providers and their patients right at the point of care.
