

OptimizeRx Corporation Appoints James Brooks as SVP of Business Development

December 15, 2015 at 9:59 AM EST

ROCHESTER, MI--(Marketwired - December 15, 2015) - OptimizeRx Corp. (OTCQB: OPRX), a software company whose premier content-delivery platform enables pharmaceutical companies to provide on-demand patient-care services, has appointed James Brooks to the new position of senior vice president of business development, effective January 4, 2016.

"James' extensive executive sales and marketing experience, particularly his track record of growing the topline and sales leadership at FORTUNE 500 and electronic health record companies, makes him a great fit with OptimizeRx," said David Harrell, the company's CEO. "James will champion our EHR business through development of new relationships with other EHR providers and patient platforms. He brings to us numerous relationships within large EHRs that can be leveraged to integrate OptimizeRx savings and support to reach more doctors and patients."

The company recently announced an expansion of its relationship with Allscripts, who will work with OptimizeRx exclusively to manage their patient savings across all of their electronic health record (EHR) platforms, including their largest platform, Touchworks, which will be integrated in 2016.

OptimizeRx's network is the largest of its kind, with more than 350 leading EHRs engaging more healthcare providers at the 'point-of-prescribe' than any other network to provide sample vouchers, copay savings and other patient support that is automated for doctors and pharmacists.

James Brooks Bio

Brooks brings more than 20 years of experience in sales & marketing, including sales force development, sales management, and organizational leadership processes within the Electronic Health Record (EHR) and Healthcare Technology sector.

Prior to joining OptimizeRx, he served as chief revenue officer at iCare, an enterprise cloud EHR and revenue cycle management system vendor.

Prior to iCare, Brooks served as executive vice president at Modernizing Medicine, a leading provider of EHR systems focused on the dermatology, ophthalmology, plastic, and orthopedic marketplace. While at Modernizing Medicine, he was responsible for developing and managing a world-class sales and marketing team and grew the business into one of the largest specialty EHRs.

Brooks additionally served as vice president of the enterprise sales and radiology division at Sage North America, a provider of information systems with a focus on healthcare with \$300 million in annual revenue and 1,200 staff members.

Earlier in his career, he served as senior sales executive and enterprise vice president of clinical sales at McKesson, a FORTUNE 500 company delivering healthcare services and information technology.

Brooks holds a Bachelor of Arts in Economics and Speech Communication from St. Cloud State University in Minnesota.

About OptimizeRx Corporation
