PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

Our consolidated financial statements included in this Form 10-Q are as follows:

- F-1 [Consolidated Balance Sheets as of March 31, 2012 and December 31, 2011;](#)
- F-2 [Consolidated Statements of Operations for the three months ended March 31, 2012 and 2011;](#)
- F-3 [Consolidated Statements of Cash Flow for the three months ended March 31, 2012 and 2011;](#)
- F-4 [Notes to Consolidated Financial Statements.](#)

These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the SEC instructions to Form 10-Q. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the interim period ended March 31, 2012 are not necessarily indicative of the results that can be expected for the full year.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 1 – NATURE OF BUSINESS

Optimizer Systems, LLC was formed in the State of Michigan on January 31, 2006. It then became a corporation in the State of Michigan on October 22, 2007 and changed its name to OptimizeRx Corporation. On April 14, 2008, RFID, Ltd., a Colorado corporation, consummated a reverse merger by entering into a share exchange agreement with the stockholders of OptimizeRx Corporation, pursuant to which the stockholders of OptimizeRx Corporation exchanged all of the issued and outstanding capital stock of OptimizeRx Corporation for 1,256,958 shares of common stock of RFID, Ltd., representing 100% of the outstanding capital stock of RFID, Ltd. As of April 30, 2008, RFID's officers and directors resigned their positions and RFID changed its business to OptimizeRx's business. On April 15, 2008, RFID, Ltd.'s corporate name was changed to OptimizeRx Corporation. On September 4, 2008, a migratory merger was completed, thereby changing the state of incorporation from Colorado to Nevada, resulting in the current corporate structure, in which OptimizeRx Corporation, a Nevada corporation, is the parent corporation, and OptimizeRx Corporation, a Michigan corporation, is a wholly-owned subsidiary (together, "OptimizeRx" and "the Company").

The wholly-owned subsidiary, OptimizeRx Corporation, is a technology solutions company targeting the health care industry. Their objective is to bring better access to better care through connecting patients, physicians and pharmaceutical manufacturers through technology. Once defined as a marketing and advertising company through its consumer website, OptimizeRx is maturing as a technology solutions provider as it launched its direct to physician solution, SampleMD. SampleMD allows physicians to search, print and send available sample trial vouchers and/or co-pay coupons on behalf of their patients. The SampleMD solution can either sit on the doctor's desktop or can be integrated into the ePrescribing or Electronic Medical Records applications. OptimizeRx solutions provide pharmaceutical manufacturers either a direct to consumer and/or direct to physician channels for communicating and promoting their products. It provides health care providers a means to provide sampling and coupons without having to physically store samples on site, and it provides better access and affordability to the patients.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission ("SEC"), and should be read in conjunction with the audited financial statements and notes thereto contained in the Company's Form 10-K filed with the SEC as of and for the year ended December 31, 2011. In the opinion of management, all adjustments necessary for the financial statements to be not misleading for the interim periods presented have been reflected herein. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

Accounting Basis

The Company uses the accrual basis of accounting and accounting principles generally accepted in the United States of America ("GAAP" accounting). The Company has adopted a December 31 fiscal year end.

Principles of Consolidation

The financial statements reflect the consolidated results of OptimizeRx Corporation (a Nevada corporation) and its wholly owned subsidiary OptimizeRx Corporation (a Michigan corporation). All material inter-company transactions have been eliminated in the consolidation.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications

Certain accounts and financial statement captions in the prior periods have been reclassified to conform to the current period financial statements.

Cash and Cash Equivalents

For purposes of the accompanying financial statements, the Company considers all highly liquid instruments with an initial maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments

The fair value of cash, accounts receivable, prepaid expenses, accounts payable, accounts payable – related party, accrued expenses and deferred revenue approximates the carrying amount of these financial instruments due to their short-term nature. The fair value of long-term debt, which approximates its carrying value, is based on current rates at which the Company could borrow funds with similar remaining maturities.

Property and Equipment

The capital assets are being depreciated over their estimated useful lives, three to seven years using the straight-line method of depreciation for book purposes.

Revenue Recognition

All revenue is recognized when it is earned. Revenues are generated either through the Company's website activities, in which we earn revenue from advertising and lead generation activities, or from our SampleMD activities, which include offering setup within the systems and our offers, coupons, and vouchers that enable our customers to save money on medical products and services. The Company's processes are monitored by third parties who collect revenues from clients on a per activity basis and report and forward the revenue to the Company's account.

Income Taxes

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Research and Development

The Company's key members are part of a continual research development team and monitor new technologies, trends, services and partnerships that can provide the Company with additional services, value to healthcare and pharmaceutical industries and to the patients it serves.

The Company seeks to educate team members through understanding of all market dynamics that have the potential to affect the business both short term and longer term. The primary goal is to help patients better afford and access the medicines their doctor prescribes, as well as other healthcare products and services they need. Based on this, the Company continually seeks better ways to meet this mission through technology, better user experiences and new ways to engage industries to provide new support for patients needing their products. The Company is always seeking new services and solutions to offer. At this time, the three current platforms provide robust opportunities and growth during the next five years.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentration of Credit Risks

The Company maintains its cash and cash equivalents in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts; however, amounts in excess of the federally insured limit may be at risk if the bank experiences financial difficulties.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates and assumptions have been made in determining the depreciable lives of such assets and the allowance for doubtful accounts receivable. Actual results could differ from these estimates.

Earnings Per Common and Common Equivalent Share

The computation of basic earnings per common share is computed using the weighted average number of common shares outstanding during the year. The computation of diluted earnings per common share is based on the weighted average number of shares outstanding during the year plus common stock equivalents which would arise from the exercise of warrants outstanding using the treasury stock method and the average market price per share during the year. Options, warrants and convertible preferred stock which are common stock equivalents are not included in the diluted earnings per share calculation for March 31, 2012 and 2011, respectively, since their effect is anti-dilutive.

Impairment of Long-Lived Assets

The Company continually monitors events and changes in circumstances that could indicate carrying amounts of long-lived assets may not be recoverable. When such events or changes in circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value of such assets will be recovered through undiscounted expected future cash flows. If the total of the future cash flows is less than the carrying amount of those assets, the Company recognizes an impairment loss based on the excess of the carrying amount over the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

Recently Issued Accounting Guidance

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

NOTE 3 – PREPAID EXPENSES

Prepaid expenses consisted of the following as of March 31, 2012 and December 31, 2011:

	2012	2011
Insurance	\$ 5,147	\$ 5,937
Website maintenance	8,750	17,500
Rent	5,049	0
Consulting	84,318	91,811
Employee advances	7,646	694
Advertising	3,090	3,090
Total prepaid expenses	<u>\$ 114,000</u>	<u>\$ 119,032</u>

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 4 – PROPERTY AND EQUIPMENT

The Company owned equipment recorded at cost which consisted of the following as of March 31, 2012 and December 31, 2011:

	2012	2011
Computer equipment	\$ 21,554	\$ 20,130
Furniture and fixtures	11,088	11,088
Subtotal	32,642	31,218
Accumulated depreciation	(8,587)	(7,287)
Property and equipment, net	<u>\$ 24,055</u>	<u>\$ 23,931</u>

Depreciation expense was \$1,300 and \$452 for the three months ended March 31, 2012 and 2011, respectively.

NOTE 5 – WEBSITE DEVELOPMENT COSTS

The Company has capitalized costs in developing their website and web-based products, which consisted of the following as of March 31, 2012 and December 31, 2011:

	2012	2011
OptimizeRx web development	\$ 154,133	\$ 154,133
SampleMD web development	586,112	553,877
Subtotal, web development costs	740,245	708,010
Accumulated amortization	(214,476)	(183,429)
Impairment	(59,083)	(59,083)
Web development costs, net	<u>\$ 466,686</u>	<u>\$ 465,498</u>

The Company began amortizing the OptimizeRx website costs, using the straight-line method over the estimated useful life of 5 years, once it was put into service in December of 2007. During the year ended December 31, 2009, the Company began a new web-based project and the related programming and development costs have been capitalized for the SampleMD website. The project was completed in mid-December 2010 and no amortization was recorded in 2010. Amortization began on the straight-line method in January 2011 over the period of five years. Although the Project was completed in mid-December, the Company continues to enhance and upgrade the website. Monthly payments for these upgrades and enhancements have been capitalized and amortization was started by quarter in 2011 and continues in 2012. The Company determined that the original OptimizeRx website was no longer useful so the remaining unamortized balance of \$59,083 was impaired as of December 31, 2010.

Amortization expense was \$31,047 and \$15,920 for the three months ended March 31, 2012 and 2011, respectively.

NOTE 6 – PATENT RIGHTS AND INTANGIBLE ASSETS

On April 26, 2010, the Company acquired from an officer and shareholder the technical contributions and assignment of all exclusive rights to and for the SampleMD patent currently in process in exchange for 300,000 shares of common stock to be granted at the discretion of the seller in addition to 200,000 stock options valued at \$360,000. The shares were valued on the grant date at \$570,000 and have been recorded as a payable to the related party.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 6 – PATENT RIGHTS AND INTANGIBLE ASSETS (CONTINUED)

The Company has capitalized costs in purchasing the SampleMD patent, which consisted of the following as of March 31, 2012 and December 31, 2011:

	2012	2011
Patent rights and intangible assets	\$ 930,000	\$ 930,000
Accumulated amortization	(95,735)	(82,059)
Patent rights and intangible assets, net	<u>\$ 834,265</u>	<u>\$ 847,941</u>

The Company began amortizing the patent, using the straight-line method over the estimated useful life of 17 years, once it was put into service in July 2010. Amortization expense was \$13,676 and \$13,677 for the three months ended March 31, 2012 and 2011, respectively.

NOTE 7 – ACCRUED EXPENSES

Accrued expenses consisted of the following as of March 31, 2012 and December 31, 2011:

	2012	2011
Accrued payroll taxes	\$ 322	\$ 0
Accrued bonuses	0	60,000
Accrued audit fees	0	6,000
Total accrued expenses	<u>\$ 322</u>	<u>\$ 66,000</u>

NOTE 8 – DEFERRED REVENUE

The Company has signed several contracts with customers for coupon redemptions on their website. The payments are not taken into revenue until the end user redeems the coupon. The redemptions are tracked via their website and revenues are recorded as the coupons are redeemed. Additionally, customer setup contracts that have been paid in full are deferred until the Company has completed the obligations of the contacts. Deferred revenue was \$203,153 and \$330,605 as of March 31, 2012 and December 31, 2011, respectively.

NOTE 9 – NOTE PAYABLE

On October 5, 2010, the Company issued a secured promissory note of \$1,000,000 to an investor. The note accrues interest at 6% per annum, compounded on April and October each year and will be paid at the earliest of September 12, 2012 or earlier at the Company's option. No principal or interest payments are required until the maturity date. Accrued interest was \$15,000 as of December 31, 2010. The terms of the note also granted 1,000,000 stock warrants and 1,000,000 contingent stock warrants in connection with the financing. The non-contingent warrants were valued at \$1,007,992 with \$1,000,000 recorded as debt discount and \$7,992 recorded as interest expense in the December 31, 2010 year. The Company analyzed the assumptions associated with the contingent warrants and determined that the performance objectives were not likely to occur in 2011. Therefore, no value was recorded for the contingent warrants. The debt discount derived from the warrant valuation of \$1,000,000 was being amortized over the life of the loan using the straight-line method and charged to interest expense.

On September 16, 2011, the Company entered into a Termination Agreement, in conjunction with a Securities Purchase Agreement with another investor. Under the Termination Agreement, the Company paid off the \$1,000,000 promissory note, plus all accrued interest to date. Upon payment of the note, the contingent stock warrants obligation was terminated and the remaining debt discount from the warrant valuation was expensed. See Note 12.

OPTIMIZER_x CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 10 – COMMON STOCK

OptimizeRx Corporation has 500,000,000 shares of \$.001 par value common stock authorized as of March 31, 2012.

There were 14,192,496 common shares issued and outstanding at March 31, 2012 and December 31, 2011, respectively.

On June 30, 2011, the Company entered into a settlement agreement with Midtown Partners. Under the settlement agreement, the Company will pay Midtown Partners \$57,500 and grant 100,000 shares of its common stock. The cost of the settlement has been recorded as equity issuance costs. As a result of the settlement, the litigation in the Eastern District of Michigan was dismissed.

During the year ended December 31, 2011, the Company issued 475,820 shares of common stock to satisfy \$500,000 of preferred dividends.

NOTE 11 – PREFERRED STOCK

Series A Preferred

During the year ended December 31, 2008, 35 preferred shares were issued for \$3,500,000. Issuance costs totaled \$515,000 resulting in net proceeds of \$2,985,000. The 35 shares are convertible to 3,500,000 shares of common stock and bear a 10% cumulative dividend. In addition, there was a warrant issued to purchase 6,000,000 shares of common stock at an exercise price of \$2 for a period of seven years.

The holders of the preferred stock are entitled to semi-annual dividends payable on the stated value of the Series A preferred stock at a rate of 10% per annum, which shall be cumulative, and accrue daily from the issuance date. The dividends may be paid in cash or shares of the Company's common stock at management's discretion. If after the conversion eligibility date, the market price for the common stock for any ten consecutive trading days in which the stock trades for over \$2 per share and trading exceeds 100,000 shares per day, the preferred shareholders can be required to convert their shares to common stock. Each share of Series A preferred stock shall also be convertible at the option of the holder into that number of shares of common stock of the Company at the stated value of such share at a \$1 conversion price.

The holder may cause this conversion at the time the shares are eligible for resale by the holder. The conversion price is subject to adjustment as hereinafter provided, at any time, or from time to time upon the terms and in the manner hereinafter set forth in the shareholder agreement. There is no conversion expiration date, however, the holder must provide 30 days notice for the registration of the conversion.

On May 12, 2010, the Company's Board declared and issued 236,598 common shares as payment for all cumulative and current semi-annual dividends. On November 16, 2010, the Company's Board declared and issued 173,922 common shares for its semi-annual dividend payment. On March 25, 2011, the Company's Board declared and issued 176,768 common shares for its semi-annual dividend payment. On September 21, 2011, the Company's Board declared and issued 156,306 common shares for its semi-annual dividend payment.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 11 – PREFERRED STOCK (CONTINUED)

Series B Preferred

During the year ended December 31, 2010, 15 preferred shares were issued for \$1,500,000. The 15 shares are convertible to 1,500,000 shares of common stock and bear a 10% cumulative dividend. In addition, there was a warrant issued to purchase 2,000,000 shares of common stock at an exercise price of \$3 for a period of seven years.

The preferred stock was issued for \$1,500,000 less associated issuance costs of \$350,000 for net proceeds of \$1,150,000. Additionally, 3,000,000 common stock warrants were issued with the preferred stock. Based on the fair values of the preferred stock and common stock warrants on the issue date, \$341,100 was allocated to preferred stock and \$1,158,900 was allocated to the common stock warrants. Equity issuance costs of \$350,000 were allocated to the preferred stock.

During the quarter ended September 30, 2011, 15 preferred shares were issued to an investor for \$1,500,000. The 15 shares are convertible to 1,500,000 shares of common stock and bear a 10% cumulative dividend. In addition, there was a warrant issued to purchase 1,000,000 shares of common stock at an exercise price of \$3 for a period of seven years. Based on the fair values of the preferred stock and common stock warrants on the issue date, \$855,460 was allocated to preferred stock and \$644,540 was allocated to the common stock warrants. See Note 12.

The holders of the preferred stock are entitled to semi-annual dividends payable on the stated value of the Series B preferred stock at a rate of 10% per annum, which shall be cumulative, and accrue daily from the issuance date. The dividends may be paid in cash or shares of the Company's common stock at management's discretion. If after the conversion eligibility date, the market price for the common stock for any ten consecutive trading days in which the stock trades for over \$2 per share and trading exceeds 100,000 shares per day, the preferred shareholders can be required to convert their shares to common stock. Each share of Series B preferred stock shall also be convertible at the option of the holder into that number of shares of common stock of the Company at the stated value of such share at a \$1.50 conversion price.

The holder may cause this conversion at the time the shares are eligible for resale by the holder. The conversion price is subject to adjustment as hereinafter provided, at any time, or from time to time upon the terms and in the manner hereinafter set forth in the shareholder agreement. On March 25, 2011, the Company's Board declared and issued 75,758 common shares for its semi-annual dividend payment. On September 21, 2011, the Company's Board declared and issued 66,988 common shares for its semi-annual dividend payment.

NOTE 12 – STOCK OPTIONS AND WARRANTS

The Company accounts for employee stock-based compensation in accordance with the guidance of ASC Topic 718: Compensation - Stock Compensation, which requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 12 – STOCK OPTIONS AND WARRANTS (CONTINUED)

The Company follows ASC Topic 505-50, formerly EITF 96-18, “Accounting for Equity Instruments that are Issued to Other than Employees for Acquiring, or in Conjunction with Selling Goods and Services,” for stock options and warrants issued to consultants and other non-employees. In accordance with ASC Topic 505-50, these stock options and warrants issued as compensation for services provided to the Company are accounted for based upon the fair value of the services provided or the estimated fair market value of the option or warrant, whichever can be more clearly determined. The fair value of the equity instrument is charged directly to compensation expense and additional paid-in capital over the period during which services are rendered.

On October 1, 2010, the Company issued 25,000 stock options to an employee with a vesting period of one year and an exercise price of \$1.21. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 241%, risk-free interest rate of 1.26% and expected life of 60 months. The Company recognized share-based compensation expense of \$6,203 during the year ended December 31, 2010 with the remaining balance of \$18,610 to be recognized in 2011. \$6,203 has been recognized in the year ended September December 31, 2011.

On April 27, 2011, the Company issued 100,000 stock options to an individual at an exercise price of \$0.73. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 221%, risk-free interest rate of 2.06% and expected life of 60 months. The agreement is for a period of six months. The Company recognized expenses of \$83,992 during the year ended December 31, 2011.

On May 31, 2011, the Company issued 285,000 stock options to 3 employees at an exercise price of \$1.00. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 218%, risk-free interest rate of 1.68% and expected life of 60 months. The total value of the options was \$320,585. The options vest over one year. The Company recognized share-based compensation expense of \$187,005 during the year ended December 31, 2011. The remaining balance will be recognized over the following five months of 2012.

During the quarter ended September 30, 2011, there was a warrant issued to purchase 1,000,000 shares of common stock at an exercise price of \$3 for a period of seven years. In addition, 15 preferred shares were issued to an investor for \$1,500,000. The 15 shares are convertible to 1,500,000 shares of common stock and bear a 10% cumulative dividend. Based on the fair values of the preferred stock and common stock warrants on the issue date, \$855,460 was allocated to preferred stock and \$644,540 was allocated to the common stock warrants. See Note 11.

During the quarter ended December 31, 2011, the Company issued 20,000 stock options to 2 employees at an exercise price of \$1.00. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 204-205%, risk-free interest rate of 0.88-0.93% and expected life of 60 months. The total value of the options was \$19,270. The options vest over one year. The Company recognized share-based compensation expense of \$2,480 during the year ended December 31, 2011 and \$4,818 during the quarter ended March 31, 2012. The remaining balance will be recognized over the current year.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 12 – STOCK OPTIONS AND WARRANTS (CONTINUED)

On November 21, 2011, the Company issued 100,000 stock options to an individual at an exercise price of \$0.73. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 205%, risk-free interest rate of 0.92% and expected life of 60 months. The Company recognized expenses of \$8,346 during the year ended December 31, 2011 and \$25,039 during the quarter ended March 31, 2012. The remaining balance will be recognized over the current year.

During the quarter ended March 31, 2012, the Company issued 50,000 stock options to 4 non-employees at an exercise price of \$0.89. The options were valued on the grant date using the Black-Scholes option-pricing model with the following assumptions: dividend yield of 0%, expected volatility of 198%, risk-free interest rate of 0.65% and expected life of 48 months. The total value of the options was \$35,091. The options vest over 4 months. The Company recognized share-based compensation expense of \$17,546 during the quarter ended March 31, 2012. The remaining balance has been recorded as a prepaid expense and will be recognized over the following quarter.

NOTE 13 – OPERATING LEASES

The Company signed a lease for new office space on December 1, 2011 at an approximate rent of \$5,000 per month. The new offices are in Rochester, Michigan. The lease is for three years with an option to renew for an additional two years at approximately \$5,200 per month with six months advance notice to exercise the option.

Minimum annual rent is as follows for the initial term of the lease:

Year ended December 31,		
2012	\$	60,591
2013		60,591
2014		55,542
2015		0
Total lease commitment	\$	<u>176,724</u>

NOTE 14 – RELATED PARTY TRANSACTIONS

During the year ended December 31, 2010, the Company acquired from an officer and shareholder the technical contributions and assignment of all exclusive rights to and for the SampleMD patent currently in process in exchange for 300,000 shares of common stock to be granted at the discretion of the seller in addition to 200,000 stock options valued at \$360,000. The shares were valued on the grant date at \$570,000 and have been recorded as a payable to the related party.

NOTE 15 – MAJOR CUSTOMERS

The Company had four major customers that accounted for 74% and two major customers that accounted for 76% of the Company's revenues for the three months ended March 31, 2012 and 2011, respectively. The Company expects to continue to maintain these relationships with the customers.

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 16 – INCOME TAXES

For the three months ended March 31, 2012, the Company incurred a net loss of approximately \$301,000 and therefore has no tax liability. The Company began operations in 2007 and has previous net operating loss carry-forwards of \$13,479,000 through December 31, 2011. The cumulative loss of \$13,780,000 will be carried forward and can be used through the year 2032 to offset future taxable income. In the future, the cumulative net operating loss carry-forward for income tax purposes may differ from the cumulative financial statement loss due to timing differences between book and tax reporting.

The provision for Federal income tax consists of the following for the three months ended March 31, 2012 and 2011:

	2012	2011
Federal income tax benefit attributable to:		
Current operations	\$ 102,000	\$ 129,000
Valuation allowance	(102,000)	(129,000)
Net provision for federal income tax	<u>\$ 0</u>	<u>\$ 0</u>

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows as of March 31, 2012 and December 31, 2011:

	2012	2011
Deferred tax asset attributable to:		
Net operating loss carryover	\$ 4,685,000	\$ 4,583,000
Valuation allowance	(4,685,000)	(4,583,000)
Net deferred tax asset	<u>\$ 0</u>	<u>\$ 0</u>

Due to the change in ownership provisions of the Tax Reform Act of 1986, net operating loss carry forwards of approximately \$13,780,000 for Federal income tax reporting purposes are subject to annual limitations. Should a change in ownership occur, net operating loss carry forwards may be limited as to use in future years.

NOTE 17 – OPERATING EXPENSES

Operating expenses consisted of the following for the three months ended March 31, 2012 and 2011, respectively:

	2012	2011 (restated)
Advertising	\$ 11,270	\$ 187,265
Professional fees	38,003	106,214
Consulting	6,615	46,775
Salaries, wages and benefits	306,895	173,714
Rent	16,918	7,500
Depreciation and amortization	46,023	30,050
Stock-based compensation	127,548	0
General and administrative	77,050	82,763
Total Operating Expenses	<u>\$ 630,322</u>	<u>\$ 634,281</u>

OPTIMIZERx CORPORATION
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012

NOTE 18 – GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has sustained substantial losses since inception.

In view of this matter, the ability of the Company to continue as a going concern is dependent upon growth of revenues and the ability of the Company to raise additional capital. Management believes that its successful ability to raise capital and increases in revenues will provide the opportunity for the Company to continue as a going concern.

NOTE 19 – RESTATEMENT

The Company has restated its Consolidated Statement of Operations and its Consolidated Statement of Cash Flows for the three months ended March 31, 2011 to correct an error in its accounting. The Company did not originally accrue expenses related to advertising, marketing and employee bonuses during that period.

Financial Statement	Line Item	Three months ended March 31, 2011	
		Corrected	Previously Stated
Income statement	Operating expenses	634,281	469,281
Income statement	Loss from operations	(240,438)	(75,438)
Income statement	Loss before provision for income taxes	(379,932)	(214,932)
Income statement	Net loss	(379,932)	(214,932)
Statement of cash flows	Net loss	(379,932)	(214,932)
Statement of cash flows	Change in accounts payable	210,735	60,735
Statement of cash flows	Change in accrued expenses	9,300	(5,000)
Statement of cash flows	Change in payroll taxes payable	0	(700)

NOTE 20 – SUBSEQUENT EVENTS

In accordance with ASC 855-10, the Company has analyzed its operations subsequent to March 31, 2012 through the date these financial statements were issued and has determined that it does not have any material subsequent events to disclose in these financial statements.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally are identified by the words “believes,” “project,” “expects,” “anticipates,” “estimates,” “intends,” “strategy,” “plan,” “may,” “will,” “would,” “will be,” “will continue,” “will likely result,” and similar expressions. We intend such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Further information concerning our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Overview

Throughout industry and economic discussions we often hear the catch phrase, “The Perfect Storm,” but none is as prevalent as the transitional business climate between healthcare providers and pharmaceutical manufacturers. The year 2011 has seen greater pressures on health care providers to increase both the volume and value of the services they provide to their patients—with fewer resources.

This cumulates with their high focus and scrutiny of ways to reduce their drug costs, primarily through decreased utilization of branded medications when a generic alternative is available. To do this, health systems have restricted pharmaceutical manufacturers’ access to their doctors and no longer accepting drug samples, along with passing more of the cost of branded medication to patients through increased co-pays. Through electronic prescribing (ePrescribing), health systems now have a way of informing physicians of the coverage differential every time they look up a medication to prescribe. ePrescribing now represents over 450 million prescription that are sent directly to pharmacies and is projected to grow to 2 billion by 2016 due to government incentives and rapid adaptation.

In turn, these increased pressures and the lack of access pharmaceutical representatives have to doctors have left pharmaceutical manufacturers in need of a new solutions to bridge the gap in promoting their drugs value. Additionally, they're co-pay and sample vouchers, which increase the likelihood that a patient can better afford to start and stay on their medications, has been difficult to distribute to the doctors and patients needing their help.

Thus, OptimizeRx Corp., through its SampleMD™ electronic patient savings and support technology, is poised to provide great impact to each stakeholder by automatically added a savings eCoupon and patient support right within the electronic prescription process.

For OPTIMIZERx, 2011 continued to be a centered on completing and commercializing our SampleMD™ solution. Early beta testing within targeted healthcare systems provided both a test bed and focus group feedback on utilization and user interface requirements. Additionally, the early roll out of the SampleMD™ engine integrated within the Allscripts, the world's largest ePrescribing application, showed early signs of great potential, but also exposed some hurdles that needed to be cleared to seamlessly streamline the physician's workflow and ensure all transactional information is captured. Overall, for both installed applications, desk top and ePrescribing, clinicians were satisfied with the ease and availability of the SampleMD™ solution.

Incorporating the feedback and results we compiled from these early test environments, OPTIMIZERx rolled out our SampleMD™ version 3.0 in the 4th quarter 2011 that featured enhanced access to formulary information, a broader search capability and the introduction of our eRep Scheduler, a tool for clinicians and pharmaceutical representatives to establish a rules-based appointment scheduler to set fixed appointments. OPTIMIZERx also continued to optimize the integration between the SampleMD™ solution and multiple ePrescribing and Electronic Medical Record providers. The Allscripts ePrescribing integration continues to show increasing results and clinician adoption while we began integration of our new partner NewCrop. NewCrop is an industry leading electronic prescribing service that has been deployed in over 150 Electronic Medical Record providers and medical networks since 2003.

We also have signed contracts with other ePrescribing platforms that have the potential to triple our reach to over 100,000 physicians in 2012. This clearly position us as the market leader in offering physicians a way to automatically add and electronically distribute co-pay coupons, sample vouchers and patient education to their patients. Likewise, we are uniquely able to offer pharmaceutical manufacturers one platform to manage, promote and report their patient support to physicians- right within their current workflow.

In our 3rd and fourth quarter of 2011, we secured additional financing to support our continued growth and the recognized need for additional resources within the technical, sales and administrative disciplines. We used \$1,056,876 to pay back the note to Physicians Interactive, with the balance of the funds allocated to be used to support the acquisition of additional resources needed to support our growth.

In addition to hiring a new Vice President of Eastern Sales we increased our Sales/Marketing staff to assist with supporting the sales organization and begin to build out and coordinate our brand marketing and awareness programs. We have focused on driving our market message and gained significant exposure while participating in the Allscripts User Conference in August of 2011. With some 3500 plus attendees, we gained valuable exposure to health systems and pharmaceutical manufacturers. Additionally, we participated within the HIMMS health care technology conference, the Marcus Evan Executive Marketing roundtable and launched an Ad campaign surrounding our SampleMD™ solution and its benefits to the health care provider advertising in Pharmaceutical Executive Magazine. We also initiated a number of email marketing campaigns as well as initiating a SampleMD™ newsletter. It is our intent to continue to drive market awareness, secure additional sales, align with additional channel partners, and to acquire the necessary resources to support our continued growth.

As we settled into our new office location at 400 Water Street, Suite 200, Rochester, MI 48307, for the first quarter of 2012, we generated revenue post launch of the SampleMD initiative of \$329,403. We continued our development course with efforts to complete the integration of the SampleMD solution within the NewCrop ePrescribing application and begin integration within the DrFirst ePrescribing platform, all that supports more than 150 EMR's, and broadens our channel reach to some 100,000 plus participating doctors and clinicians.

We continued to update our eRep scheduler while it ran a beta / focus group within a major health care provider. We continue to enhance and refine our base eRep scheduler while further expanding the technology connections between the pharmaceutical manufacturers and the health care providers.

We continue to promote our SampleMD solution as we are preparing to participate at the Marcus Evens Pharma Executive Summit and the Health Connect Partners events early in the 2nd quarter of 2012. Additionally, first quarter sales activity continued to focus on contract renewals as well as acquiring new opportunities.

Results of Operations for the Three Months Ended March 31, 2012 and 2011

Revenues

Our total revenue reported for the three months ended March 31, 2012 was \$329,403, a decrease from \$393,843 from the prior year period.

Our decreased revenue for the three months ended March 31, 2012 as compared with the prior year period is a result of delays in receiving our contract renewals in a timely basis from our existing clients. Additionally, we continue to bring on new programs in replacement of some brands which have gone off brand and are now generic and continue to secure new programs and brand participation.

Operating Expenses

Operating expenses decreased to \$630,322 for the three months ended March 31, 2012 from \$634,281 for the three months ended March 31, 2011. Our major expenses for the three months ended March 31, 2012 were sales, wages and benefits of \$306,895, stock-based compensation of \$127,548, and general and administrative expenses of \$77,050. In comparison, our major expenses for the three months ended March 31, 2011 were advertising of \$187,265, salaries, wages and benefits of \$173,714, professional fees of \$106,214 and general and administrative expenses of \$82,763.

Other Income/Expenses

Other income was \$185 for three months ended March 31, 2012 an increase from other expenses of \$139,494 for same period ended 2011. We had no interest expenses in 2012 with \$140,000 in 2011, which mostly accounted for the difference between the periods.

Net Loss

Net loss for the three months ended March 31, 2012 was \$300,734, compared to net loss of \$ \$379,932 for the three months ended March 31, 2011.

Liquidity and Capital Resources

As of March 31, 2012, we had total current assets of \$1,027,961 and total assets in the amount of \$2,358,016. Our total current liabilities as of March 31, 2012 were \$949,526. We had working capital of \$78,435 as of March 31, 2012.

Operating activities used \$128,004 in cash for the three months ended March 31, 2012. Our net loss of \$300,734 along with \$159,640 in accounts payable and \$127,452 in deferred revenue were the primary component of our negative operating cash flow, offset mainly by \$355,412 in accounts receivable. Investing activities used \$33,659 during the three months ended March 31, 2012 largely as a result of website development costs.

On September 16, 2011, we entered into a Securities Purchase Agreement with Vicis for sale of up to 50 shares of our Series B Preferred Stock and warrants to purchase up to 3,333,334 shares of our common stock with an exercise price of \$3.00 per share (the "Vicis Warrants").

We already sold 15 shares of Series B Preferred Stock and a warrant to purchase 1,000,000 shares of our common stock at the above exercise price for \$1,500,000. This money was used to pay off a promissory note we had with Physicians Interactive and the balance is for working capital.

Thereafter, a subsequent closing may occur at our option commencing on December 1, 2011 for the sale of an additional 15 shares of Series B Preferred Stock and a warrant to purchase an additional 1,000,000 shares of our common stock for \$1,500,000. A final subsequent closing may occur at our option commencing on May 1, 2012 for the sale of an additional 20 shares of Series B Preferred Stock and a warrant to purchase an additional 1,333,334 shares of our common stock for \$2,000,000.

Each share of Series B Preferred Stock is convertible at the option of the holder into that number of shares of our common stock equal to the Stated Value (\$100,000) divided by a per share price of the common stock of \$1.50 per share (the "Conversion Price"). A holder may effect a conversion at any time after the earlier of (a) the time that the Securities and Exchange Commission declares effective a registration statement registering the shares of common stock to be sold by the holder that underlie the shares of Series B Preferred Stock held by such holder (the "Conversion Shares") and (b) the time such Conversion Shares are eligible for resale by the holder pursuant to Rule 144 of the Securities Act of 1933, as amended, (the "Conversion Eligibility Date").

If after the Conversion Eligibility Date the market price for the common stock for any ten consecutive trading days exceeds \$2.00 (subject to adjustment for reverse and forward stock splits, stock combinations and other similar transactions of the common stock that may occur) and the average daily trading volume for the common stock during such ten day period exceeds 100,000 shares (such period, the "Threshold Period"), the Company may, at any time after the fifth trading day after the end of any such period, deliver a notice to the holder (a "Forced Conversion Notice" and the date such notice is received by the holder, the "Forced Conversion Notice Date") to cause the holder to immediately convert all and not less than all of the Stated Value of the shares held by such Holder plus accumulated and unpaid dividends at the then current Conversion Price (a "Forced Conversion"). We may only effect a Forced Conversion Notice if all of the conditions specified in the purchase agreement are met through the applicable Threshold Period until the date of the applicable Forced Conversion and through and including the date such shares of common stock are issued to the holder.

The Vicis Warrants are exercisable for a period of seven years at an exercise price of \$3.00 per share. The Vicis Warrants are also exercisable on a cashless basis. In addition, the Vicis Warrants are subject to anti-dilution adjustments and protections in the event of stock splits and stock dividends, subsequent equity sales entitling persons to acquire shares of common stock at an effective price per share that is lower than the then exercise price of the warrants and subsequent rights offerings, in the event we issue rights, options or warrant to all holders of common stock and not to the warrant holders, pro rata distributions of assets or indebtedness and fundamental transactions, such as a merger, consolidation or recapitalization. The anti-dilution adjustment shall apply the lowest sale price as being the adjusted option price or conversion ratio for existing shareholders.

As of March 31, 2012 with the current level of financing and cash on hand, we have sufficient cash to operate our business at the current level for the next twelve months but insufficient cash to achieve our business goals unless we: a) realize cash revenues on sales generated; b) continue with the sale of our Series B Preferred Stock to Vicis; and/or c) obtain additional financing through debt and/or equity based financing arrangements which may be insufficient to fund our capital expenditures, working capital, or other cash requirements. There can be no assurance that such additional financing will be available to us on acceptable terms, or at all.

Off Balance Sheet Arrangements

As of March 31, 2012, there were no off balance sheet arrangements.

Going Concern

The accompanying financial statements have been prepared assuming that we will continue as a going concern. We have sustained substantial losses since inception.

In view of this matter, our ability to continue as a going concern is dependent upon growth of revenues and our ability to raise additional capital. Management believes that our successful ability to raise capital and increases in revenues will provide us the opportunity to continue as a going concern.

Critical Accounting Policies

In December 2001, the SEC requested that all registrants list their most “critical accounting policies” in the Management Discussion and Analysis. The SEC indicated that a “critical accounting policy” is one which is both important to the portrayal of a company’s financial condition and results, and requires management’s most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

Our critical accounting policies are set forth in Note 2 to the financial statements.

Recently Issued Accounting Pronouncements

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company’s results of operation, financial position or cash flow.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4. Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of March 31, 2012. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, Mr. David Lester. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of March 31, 2012, our disclosure controls and procedures are effective. There have been no significant changes in our internal controls over financial reporting during the quarter ended March 31, 2012 that have materially affected or are reasonably likely to materially affect such controls.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Limitations on the Effectiveness of Internal Controls

Our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. An internal control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the internal control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

None

Item 1A: Risk Factors

A smaller reporting company is not required to provide the information required by this Item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the current reporting period, we issued the following securities:

During the current reporting period, we entered into an agreement with an investment relations company and in connection with that agreement we issued four-year cashless warrants to purchase 50,000 shares of our common stock at an exercise price of 120% of the closing price on the date of issuance.

These issuances were deemed to be exempt under rule 506 of Regulation D and Section 4(2) of the Securities Act of 1933, as amended, since, among other things, the transactions did not involve a public offering, the investors were accredited investors and / or qualified institutional buyers, the investors had access to information about the Company and their investment, the investors took the securities for investment and not resale, and the Company took appropriate measures to restrict the transfer of the securities.

CERTIFICATIONS

I, David Lester, certify that;

1. I have reviewed this quarterly report on Form 10-Q for the quarter ended March 31, 2012 of OptimizeRx Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Title: Chief Financial Officer

CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND
CHIEF FINANCIAL OFFICER
PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the quarterly Report of OptimizeRx Corporation (the "Company") on Form 10-Q for the quarter ended March 31, 2012 filed with the Securities and Exchange Commission (the "Report"), I, David Lester, Chief Executive Officer and Chief Financial Officer of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

1. The Report fully complies with the requirements of Section 13(a) of the Securities Exchange Act of 1934; and
2. The information contained in the Report fairly presents, in all material respects, the consolidated financial condition of the Company as of the dates presented and the consolidated result of operations of the Company for the periods presented.

This certification has been furnished solely pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
